### Notes and FAQs

A shipment is defined as when a unit transfers ownership; a consignment is not a transfer of ownership. Industry data is aggregated from the information supplied by AHRI member companies that participate in the statistics program and can be subject to revision. Published year-to-date data is inclusive of all revisions. No other AHRI data (e.g., by state or region) is available to the public other than that published. AHRI does not conduct any market forecasting and is not qualified to discuss market trends. BTUHs of 64.9 and below are for residential units; 65.0 and above for commercial.

For previous monthly shipment releases and historical data, please see <http://www.ahrinet.org/statistics>.

- How do my colleagues subscribe to the report?  
Go to <http://www.ahrinet.org/statistics> and click on Subscribe.
- Does this data represent shipments to the United States only or are shipments outside of the United States included?  
This data represents shipments to customers in the United States only.
- Do you provide U.S. data by state?  
That data is not available publicly.
- Is historical data available in Excel?  
It is available monthly reflecting exactly the data presented in the monthly public release.
- Is data available in a different format?  
The only format available is provided on the website.
- Does the December YTD data equal full calendar year?  
Yes, it does.
- Can I purchase additional industry data from AHRI?  
No, AHRI statistical data is not for sale.

8. Does AHRI provide information for academic research purposes?  
AHRI is not authorized by our members to provide information other than what is listed on our website.
9. How much of the industry does the data represent?  
Although we cannot get into specifics about how much of the industry the data represents, in general, AHRI is one of the largest trade associations in the nation, representing more than 300 heating, water heating, ventilation, air conditioning and commercial refrigeration manufacturers within the global HVACR industry. AHRI's 300+ member companies account for more than 90 percent of the residential and commercial air conditioning, space heating, water heating, and commercial refrigeration equipment manufactured and sold in North America.
10. Is it accurate to use the number for year-to-date U.S. shipments as a measure of sales?  
AHRI reports track shipments, which are defined as when a unit transfers ownership. While some people use the terms shipments and sales interchangeably, they may not be the same.
11. Where can I find the definitions for the products included in this report?  
Download product definitions for monthly shipment reports [here](#).
