# ABOUT OUR COMPANY

At SHELMO, we manufacture precise wire and metal components for the refrigeration and retail sectors, strictly according to customer drawings and specifications.

## Our product range includes:

- **Wire shelves** for refrigeration equipment,
- **Wire baskets** and dividers,
- **Shop and display hangers**,
- **Custom wire elements**,
- **Tailor-made metal fittings designed for retail displays**.

We work with both black steel and stainless steel, applying **powder coating, polyethylene coating, galvanization (zinc plating) and chromium plating** to guarantee durability, corrosion resistance, and a high-quality appearance.

Production is carried out in medium and small series, with meticulous attention to quality at every stage.

## What sets SHELMO apart?

- **Responsiveness and reliability** – we never leave a client with a problem,
- **Fast communication** – clear and efficient contact throughout the project,
- **Flexibility** – ability to deliver specialized, custom-made series with precision,
- **Sample availability** – the option to order a sample before full production.

**With SHELMO, you gain a partner who ensures that every order is executed with accuracy, quick, and trust.**

### Rafał Mroczek

CEO

*"Happy to answer your questions and support your project."*

### Tomasz Chełmecki

CTO

*"Ready to support you with technical expertise at every stage of production."*

# THE 4 PILLARS OF COOPERATION

## 1. ON TIME DELIVERY

We know that every day counts. That's why we strictly keep to agreed deadlines, ensuring your components arrive when you need them.

## 2. FLEXIBLE PRODUCTION

From medium to small series, we adapt production to your requirements. Whether you need a limited run or recurring deliveries, we tailor our processes to your project.

## 3. EFFICIENT COMMUNICATION

Clear, fast, and responsive contact is our standard. We don't leave clients with unanswered questions – we provide solutions.

## 4. TECHNICAL SUPPORT & SAMPLING

Our engineering team is ready to support you with technical advice and prepare samples for verification. This allows you to check quality and fit before full production.

# SAMPLING – TRY BEFORE YOU COMMIT

We understand how important it is to verify quality and fit before launching a full production run.

That's why we offer the possibility to order a sample piece based on your drawings and specifications.

**This way you can:**

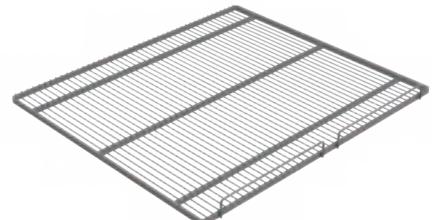

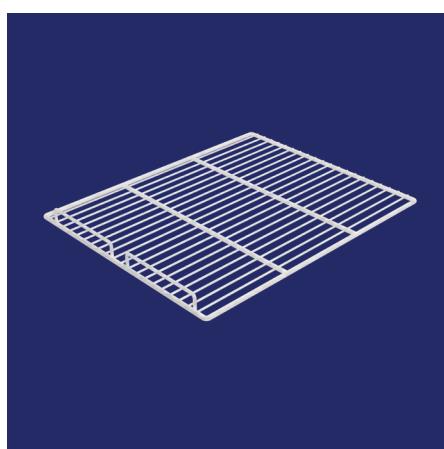

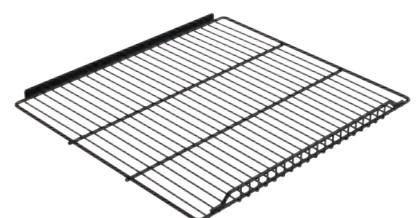

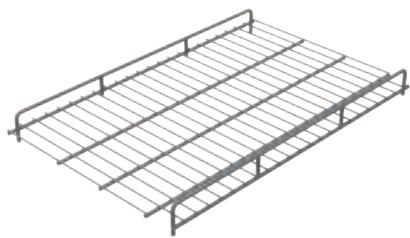

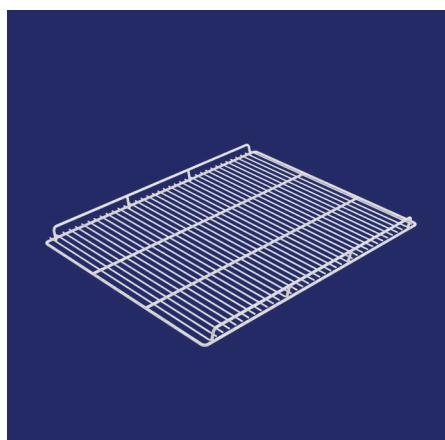

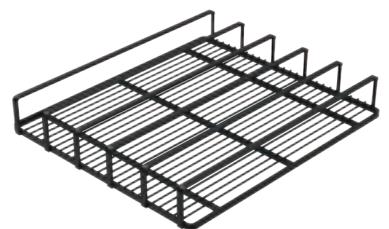

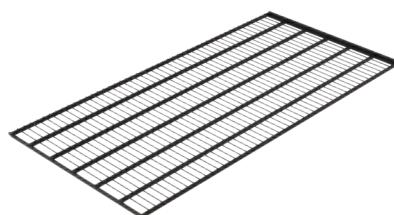

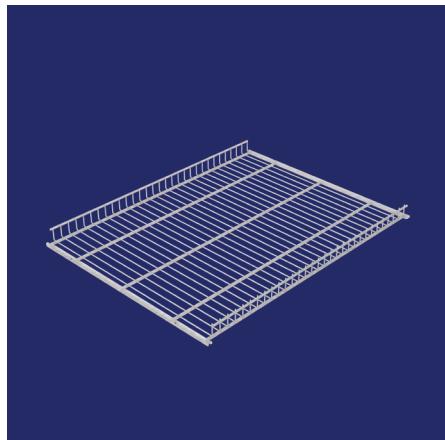

- **Check the dimensions, coating, and durability of the product,**
- **Confirm the aesthetic finish (powder coating, polyethylene, galvanization, or chrome plating),**
- **Ensure the product matches your equipment or display requirements.**

Ordering a sample gives our clients confidence and minimizes risks. It's part of our commitment to being a reliable, problem-solving partner.

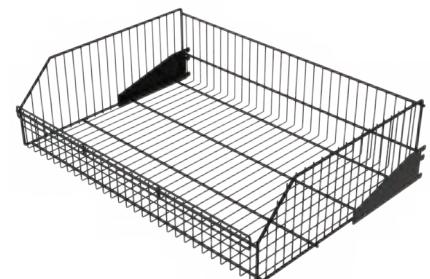

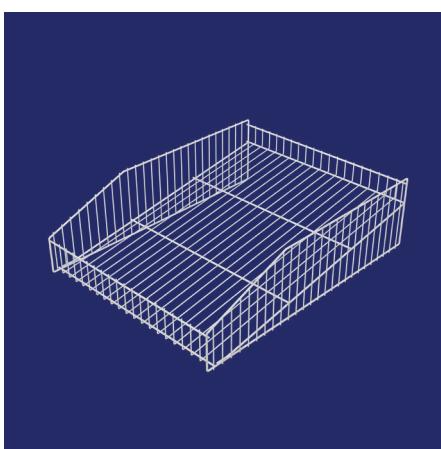

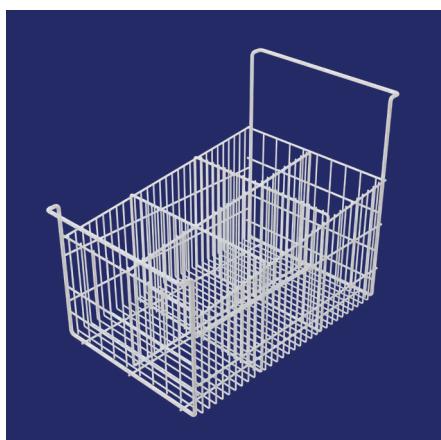

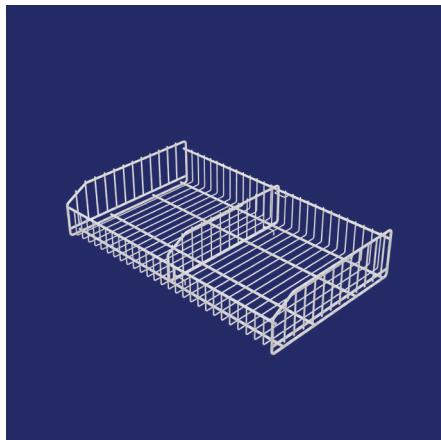

# WIRE SHELVES FOR REFRIGERATION

Durable, custom-made wire shelves designed for refrigeration equipment. Produced from black steel or stainless steel with powder coating, polyethylene, galvanization or chrome finish.

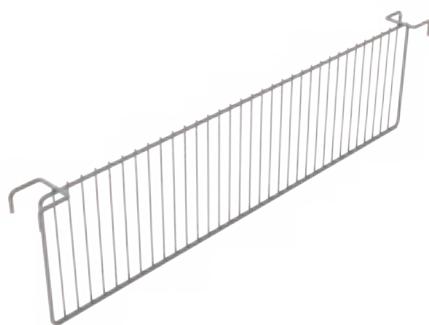

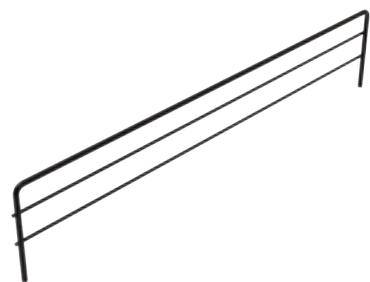

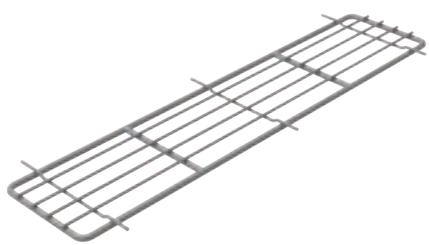

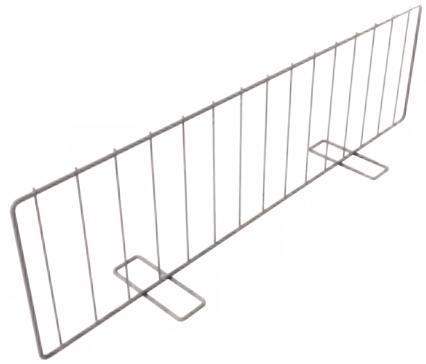

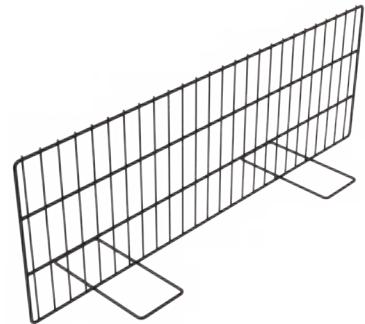

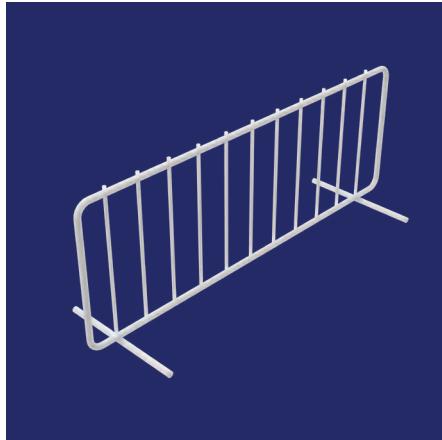

# WIRE BASKETS FOR REFRIGERATION

High-quality wire baskets for refrigeration. Custom built to your specifications, ensuring strength, durability and perfect fit for cooling equipment.

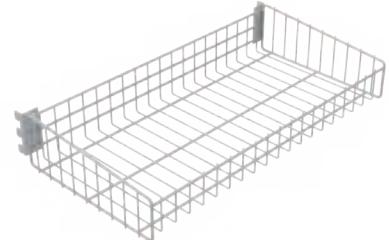

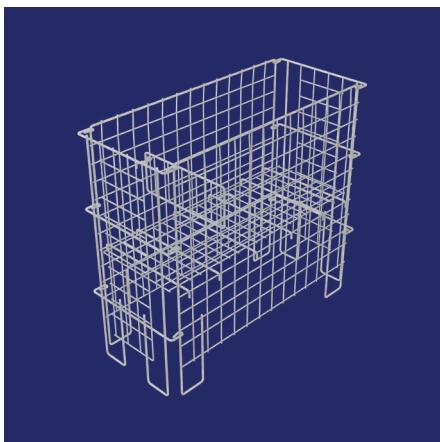

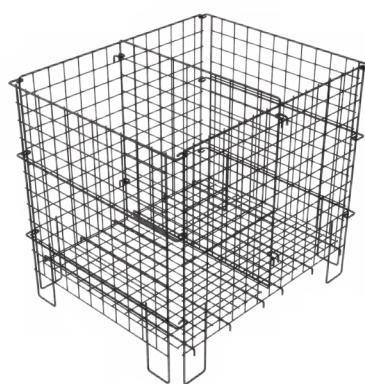

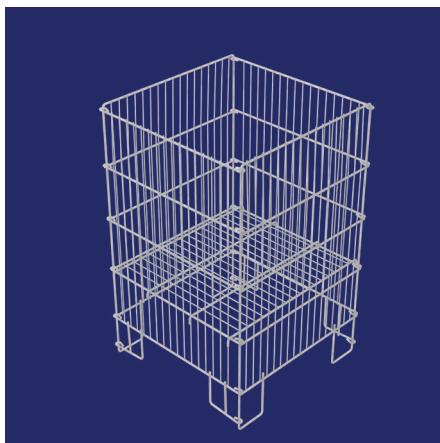

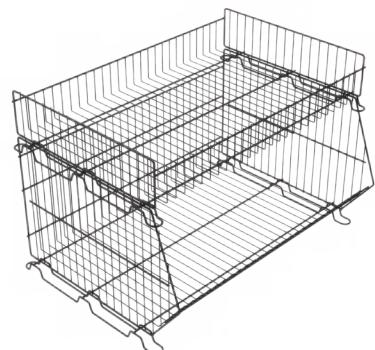

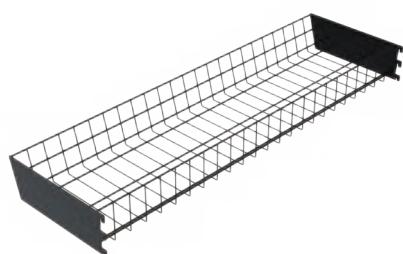

# WIRE DIVIDERS FOR REFRIGERATION & RETAIL

Wire dividers for refrigeration and retail, produced according to technical drawings and specifications, available with powder, polyethylene, zinc or chrome coating.

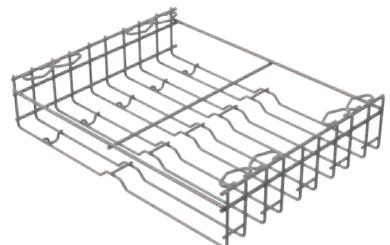

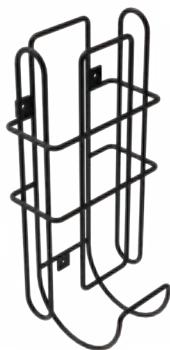

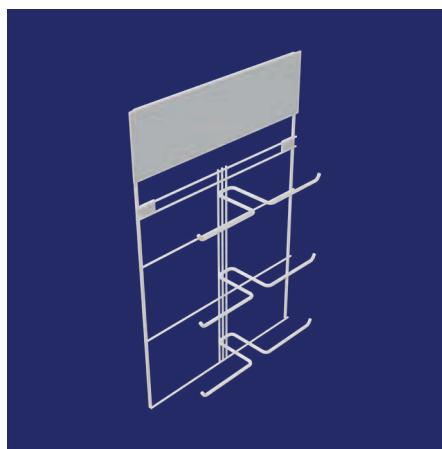

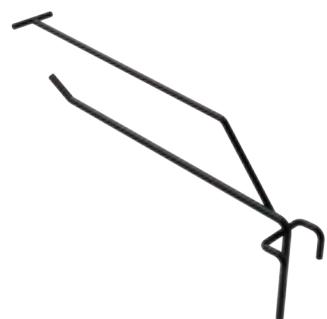

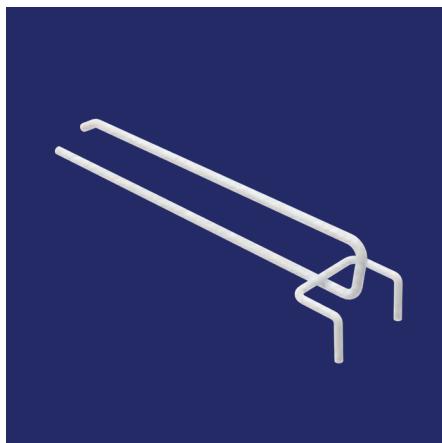

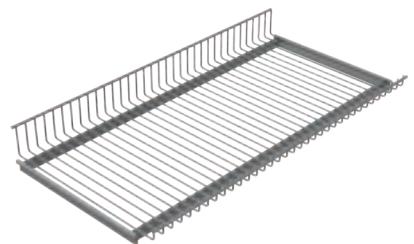

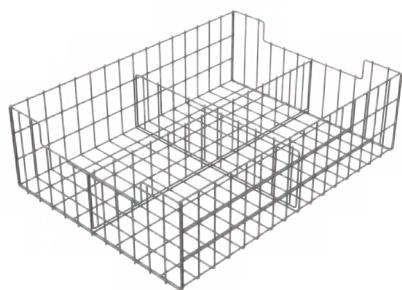

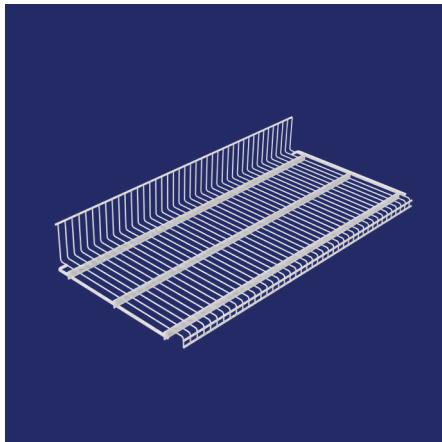

# WIRE BASKETS FOR RETAIL

Wire baskets are designed to optimize storage and product display inside refrigeration units, combining practicality with robust construction and precise finishes.

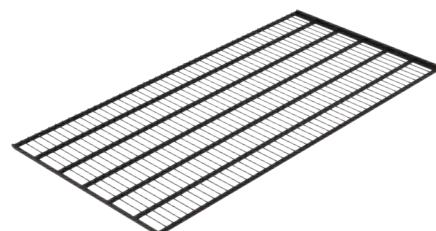

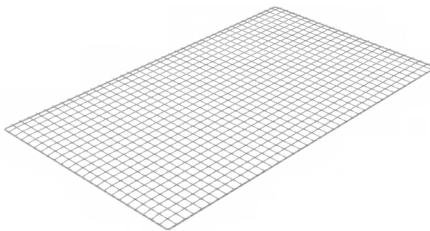

# WIRE SOLUTIONS FOR RETAIL

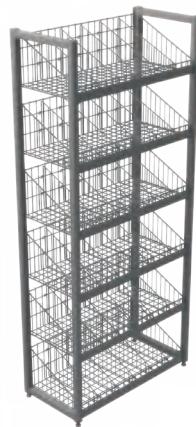

Versatile wire solutions – from hangers and hooks to separators. Designed to support effective product presentation and a tidy, professional look in retail environment.
